JOB ACCESS
06 FEB 23 P1:56

GECAC is preparing to initiate a new transportation service for low income workers who do not have transportation to work. Many low income persons do not have cars and have difficulty finding employment which is within walking distance of their homes or the EMTA bus routes.

GECAC Transportation Services has been working with the Career Link, the Erie County Assistance Office and local employers to plan this service. Once funding, vehicles and drivers are all in place, GECAC will initiate this service. To accomplish this, we would appreciate your help.

GECAC's plan, so far, is to transport workers who qualify from several centralized, inner city locations in Erie to job sites located in the suburban and rural communities where jobs are now available to low income workers, but transportation is not available.

Workers may qualify if their income is 150% of the poverty level, or if they are recent recipients of Welfare, within the past three (3) years. They must also be able to get to centralized pick-up sites in Erie's inner city neighborhoods, and they will also need to be employed, or have offers of employment, at locations which are on routes which the program will establish.

GECAC Transportation Services has been awarded funding by the U. S. Department of Transportation (DOT) Federal Transit Administration (FTA), and the Pennsylvania Department of Community and Economic Development (DCED) to operate this service, which is called **JOB ACCESS**.

While a date for service to start is not yet set, GECAC is interested in finding out about you if you might benefit from this service, or if you know of others who might benefit. If you are looking for employment, and have had to turn down work because you can not get to work, please let us know.

If you are an employer who has difficulty hiring workers because people you might hire can not get to your work site, we would like to know about your experience.

To let us know about your needs and experiences, you may call Bob Lamary at 870-5406, Diane Thompson at 870-5410, or GECAC Transportation Services at 459-4581.
